

Sinclair Broadcasting's decision to exercise their right to freedom of speech with important election material days before the election is a clear example of the Constitutional right to freedom of speech in action.

Sinclair is obligated by law to serve the public interest and they are doing so with their decision to broadcast Stolen Honor.

The partisan smear campaign against Sinclair's Constitutional right to freedom of speech shows that there are domestic enemies in our midst, traitors to be more accurate, who seek to usurp our Constitution and our national heritage. These actions show why we need to weaken media ownership rules, not strengthen them. Thank you.
